

Help minimize the stress, inconvenience and expense of lost vehicle keys.

From keyless entry to remote start, today's vehicle key fobs are more sophisticated than ever. As the technology continues to advance, the price to replace vehicle key fobs also increases. A Key Protection Plan can help you offset the expense. With this plan, your covered vehicle key fob and other eligible keys can be replaced if they are lost, stolen or damaged. Plus, every plan includes emergency roadside assistance – and alternate transportation costs may even be covered.

Plus, every plan includes emergency roadside assistance – and alternate transportation costs may even be covered.

How does Key Protection Work?

Prior authorization is required for ALL key and fob replacements.

1 Return to the auto dealership where your vehicle was purchased, if within 50 miles.

2 Call the Claims number provided on your Plan document to file your claim (if unable to return to the dealership)

3 Obtain a copy of the paid key or fob replacement invoice

4 Mail invoice and copy of Plan registration page within 30 days to address provided in Plan document.

Plus, every plan includes emergency roadside assistance – and alternate transportation costs may even be covered.

What are the benefits of the Key Protection Plan? ✕

In the event your vehicle key or fob is lost stolen or damaged, you are eligible for:

- One replacement per year for one vehicle/key fob per covered vehicle – up to a specified dollar limit
- Replacement of other eligible keys (home, office, motorcycle, etc.) if lost at same time as vehicle key or fob – up to \$100 per occurrence*
- Alternate transportation coverage if key or fob cannot be replaced on same day – up to specified limit
- Emergency roadside assistance included with every plan (towing, battery service, flat tire assistance, gas and fluid delivery, and lockout/frozen lock) – up to specified limits
- Custom trip routing service

*Maximum of one (1) replacement occurrence per any given twelve (12) month period.

What is NOT covered with the Key Protection Plan? ✕

The Key Protection Plan does not provide coverage for:

- Any replacement made without prior authorization from the Plan provider
- Any replacement when at least two sets of keys/fobs were not delivered at the time of Plan purchase
- Any key/fob that can be repaired, including one that is in need of battery replacement to function
- Replacement occurring outside the United States or Canada
